EIA
Title:

Biodiversity Policy

- 1.0 The public sector equality duty (2011) covers the following eight **protected characteristics**:

Age, disability, ethnicity, religion or belief, sex, sexual orientation, gender reassignment, pregnancy and maternity.

The duty also covers marriage and civil partnership, but only relating to the elimination of unlawful discrimination (see below, 2.0).

- 1.1 SLDC includes “**rurality**” and “**socio-economic disadvantage**” as additional categories in its equality impact assessments. Although socio-economic status and rurality are not recognised protected characteristics under the Equality Act, people on low incomes or in rural isolation are highly likely to be affected by services that are intended to support vulnerable people.

- 2.0 **The General Equality Duty.**

SLDC, in the exercise of its functions, should:

- a. **Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.**
- b. **Advance equality of opportunity between people who share a protected characteristic and those who do not.**
- c. **Foster good relations between people who share a protected characteristic and those who do not.**
