

DRAFT - Locality Stakeholder & Communication Plan

a. Stakeholders

The major stakeholders have been identified as:

Town Councils
Parish Councils
Ward Members
Other public bodies e.g. Police, LDNP, National Trust
Businesses
Households
Civic Societies
Internal staff (Neighbourhood enforcement, EP, Planning, Ctax, Benefits, NNDR, Benefits, Fraud)
Public
Community Groups
3rd sector partners and Trusts

b. Areas of interest

The main areas of interest in Locality work can be categorised as:

- **Strategic** – The long term or strategic direction of the work across the district and how it may impact or be impacted by other high-level or political strategies, e.g. Council Plan, Environmental Strategy, Localism Agenda, Customer Strategy, Social Value Policy and Climate Change Strategy
- **Financial** – Monetary related matters either regarding the funding required to support the Locality work or the financial impacts of grant giving to locality areas, e.g. Locality Important Project Grants, Community Grants and Members individual locality fund.
- **Programme and Project Activities** – Specific activities required to deliver the priorities of the council as set out in the Council Plan and other key Strategies and policies, e.g. Parks and Open Space development including events, community partnership projects (incl. Keep Britain Tidy, Community Safety and environmental initiatives).
- **Business as Usual** – Day to day operations of the council in the localities and in particular the impact of the changes resulting from that activity, e.g. inspections and enforcement for activity such as fly tipping, abandoned vehicles, water sampling and play areas or home visits to our more vulnerable customers for benefit assessments.
- **Impact on Customers and Communities** – How the work of the locality teams will affect services to customers and community groups, e.g. community development projects

INFLUENCE

INTEREST

Communications Plan

- **Communication Objectives**

There are a number of objectives in terms of communications:

- Report progress, risk and issues by exception to Senior Leadership Team
- Report Progress to Cabinet Members
- Keep Ward Members up to date on daily/weekly/monthly activity happening in their ward
- Keep key delivery partners and their personnel involved and engaged in the delivery of projects and activity across the locality areas
- Keep wider partners informed of progress and ask for their input on community development
- Keep Parish and Town Councils up to date with activity and progress of issues in their areas
- Give Customers an opportunity to input into community development through the customer focus groups, social media and other formats
- Provide all stakeholders with information about national and local campaigns taking place in their areas
- Promote the locality activity and its objectives locally, regionally and nationally to share best practice, identify support and attract funding
- Identify the correct channels for different types of queries or issues to be reported

- **Communication Mechanisms**

Some mechanisms are:

- Audio presentations
- Briefing notes (Internal & External)
- Direct email to Ward Members
- Progress updates through Portfolio Holder reports
- Social Media
- Videos & talking heads
- Website
- Workshops with key officers & council Members (incl. Overview and Scrutiny Committee)
- Customer focus groups and community meetings
- Parish & Town Council meetings

- **Communication Performance Measures (proposed by O&S Task and Finish Group)**

- Acknowledge Member enquiries within two working days and reply in 10 working days. If the matter requires longer keep them updated
- Attend as appropriate Town and Parish Council Meetings (see appendix 1)
- Establish as appropriate drop in sessions with Ward Members and Parish Councils a maximum of three times in twelve months (see appendix 1)
- Provide quarterly data sets for each locality area (broken down by ward) providing information about activities, issues and customer requests for service

Appendix 1 – Communication Frequency with Town and Parish Councils

Due to the number of town and parish councils across South Lakeland and the need to keep them up to date with activity and progress of issues in their areas the best way to communicate is via email or briefing papers on a regular basis. There will be a need to give presentations and other face to face discussions and the following table suggests that they are clustered based on the district wards to make best use of officer and Member time.

Ambleside & Grasmere
Arnside & Milnthorpe
Bowness & Levens
Broughton & Coniston
Burton & Crooklands
Furness Peninsula
Grange
Kendal (East, Rural South & Natland, Town & West)
Sedbergh and Kirkby Lonsdale
Ulverston (East & West)
Windermere

Officers will attend CALC meetings as required

Appendix 2

Annual Campaign Timeline (link to SharePoint page for more details)

Month	Campaign	Locality Team	Area
January	Christmas Recycling	All	SL
February/March	Elections/Voting	All	SL
16-22 March	Nutrition and hydration week	Allotments and any other food related projects
